Personal Statement: Currently I am working towards changing my career path from IT to the film and television industry. I have recently completed a part time Filmmaking course at Metfilm school London; during which I wrote, directed, and produced a short film, as well as working on several other student projects. I'm a highly motivated and hardworking individual and I believe that I have a lot of transferable skills which would be beneficial in a production role.

Skills:

- I have established my interpersonal and leadership skills- I have the capacity to confidentiality work independently and as part of a team.
- My current role has helped me gain excellent verbal and written communication skills. Which means I'm confident using my initiative and proactive with putting forward ideas, solutions, and troubleshooting.
- Highly motivated and determined individual, I have committed to changing my career, completing a part time course whilst working full time.
- I'm hugely proficient with all Microsoft software packages and can easily become competent in any operating system.

Education and training:

Full UK driving license

Met Film school London- Part time practical Filmmaking-September 2022

Online Risk Awareness (RAW) Safety training module Production safety passport- First options safety group - August 2022

Experience:

Conversion - Student Short Film - Writer, Director & Producer – May - September 2022

- Writer -I wrote the script for the film, as well as several versions before shooting.
- Director & Producer – Created shot lists and floorplans ahead of the shoot. Directed actors on set. Involved in discussions with the editor during post-production. I created casting call's as well as arranging and holding auditions.
- Producer – Responsible for budget, booking of equipment, location and organising costume and props.

Sorrow - Student Short Film – 2nd Assistant Director & Extra – August 2022

- 2nd AD - Responsible for looking after extras while on set and getting artist release forms signed
- Extra – Played the part of the man in a couple that are having an argument towards the end of the film.

Fiona – Student Short Film – Sound Recordist – September 2022

- Sound Recordist- Set up and operation of the sound recorder, also assisted with set design and transportation of equipment

Open Up – Student Short Film – Boom Operator – September 2022

- Boom Operator- Set up and operation of boom microphone and assisting the sound recordist with set up of radio mic packs.

Sunday – Student Short Film – Runner – September 2022

- Runner-Assisting other crew members with transport and security of equipment on location. Assisted DOP with use of Easyrig and polyboard.

CRBCunninghams – Technical Support Analyst – September 2016 to Present

- I provide support for customers via phone, email, and remote desktop applications, for Epos, door access and electronic registration software. I maintain the software, the integrity of the database and advise customers on the technical information required for the database.
