

James Pell

About Me

I am an 18 year old technical broadcast student at BOA Stage and Screen. I have been developing my knowledge of the industry for 4 years now, in immersive BTEC courses using industry standard facilities. I've collaborated with an array of creative people and clients such as **SKY**, when I worked in the gallery for a day and the **BBC**, where I was the vision mixer for the young reporter's festival. As well as that I have created projects from short films and music videos to TV shows and live captures of theatre productions.

Who have I worked with?

THE NATIONAL LOTTERY

I assisted with the planning, capture and edit of the #WEWILL project. A promotional video showcasing how a Saturday school funded by The National Lottery is helping children from disadvantaged backgrounds develop a love for the arts.

I vision mixed and edited the BBC Young Reporter Festival 2023 to be livestreamed to hundreds of schools around the UK

I have worked with the Old Rep, A Brum based theatre, a few times, mixing shows with a live multicam setup. The most recent was Peter Pan The Musical.
