

VINNIE HARRISON

ACTOR

Experience

Short Films/Series

Sullivan Squared-

A short series about a boy who joins a new school and tries to navigate his way through the new environment. I played a character called Eddie who is usually quite and a bit of an introvert.

The Protest -

A one shot film about a group of people coming together for a protest about piece for the planet. I played a posh boy who thought he was above everyone and was a puppet to his best friend.

Hi I'm an actor and I have been studying acting for the past couple of years at Boa Stage and Screen where I have inherited many skills. I feel that I have improved massively as an actor and am confident that I would be an asset to the industry.
